Is a world-wide saying, but an unproven fact. We are for you, Big Boys. Our clothing department contains suits that will cause your friends to refer to you as being Gracefully Stout. The materials are all wool and the patterns are not talk-i-tive. The prices will not deflate your purse—only \$29.50.

We have them—why hunt them? Think of the best of knit shirts and drawers—standard quality—first grade at 75c each. All sizes, be you stout or slim we can give you a comfortable fit.

## Bunny Says

A girl may wear artificial eyelashes, but the winks still come natural.

The man of the hour is the one whose wife told him to wait a minute.

A man may have just as much backbone as a woman, but not as much of it shows.

A girl knows when a man is getting ready to propose by the engagement ring in his voice.

When a fly lights on your head you can't tell whether it is sitting or standing. It is different with a bee.

Manicure Owns \$1,200 Ruby.—Headline. That's what we call holding hands to some purpose.

The best argument for short skirts is the girls who advocate longer ones.

You've got one guess as to which a woman would choose, a halo or a diamond tiara.

A man once expected his wife to clean, sew, bake and brew. Now if she dresses beautifully and kisses him convincingly he is satisfied.

SIGNS OF PROGRESS IN WINNSBORO.

We do not doubt that every citizen of Winnsboro will be pleased with the announcement that more paving is to be done. For a long time this work has been needed on the lower end of Main street. This is especially true since so many new residents have come to the Winnsboro Mills. Of course it will be of great benefit to the property owners on this street, enhancing the value of their property. Its benefits to the town is more far reaching than that. It will link up the mill and the town, and everything that will tend to bring these together into a Greater Winnsboro must not be overlooked. But even giving those reasons why especial importance should be attached to this act of Council, we believe that its effect will still be more far-reaching. We believe that a revival of building in Winnsboro will result in an awakening. And that is the one thing that is needed most. We have the right people; and the funds with which to do the work can be found if the people really want these permanent improvements. For several years practically all the real estate deals have been for buildings already standing. Very few houses—either business houses or residences—have been built. Mr. A buys Mr. B's house, and Mr. B buys Mr. C's, and so on, and a large number of prospects is the only thing that prevents Mr. B from having to buy his house back from Mr. A. We need a revival of building, whether houses, large or small, stores or streets. But building of some kind must be done to get out the rut.

BUILDING MEANS PROGRESS!

POLITICAL VIEWS OF  
C. P. HODGES  
(Continued from page one)

men and children living in the country whose lives are constantly in fear and dread of some frightful calamity overtaking them. You indifferent and unthinking citizen, man or woman of South Carolina, what an appalling condition would be wrought by allowing ourselves to be prostrated in the election of men who are known destructionists and who would open further the bleeding wounds of our people.

My fellow farmer and fellow citizen of South Carolina, of every vocation and profession, do you realize that for years to come it is going to take every ounce of our energy, the greatest of wisdom and all of our constructive conservatism to save this state from an economical, moral, social, political and educational disaster? I call upon the God fearing men and women to realize that the fight is on and to save our people from the slough of despair and the demon politician who would set the state on fire for his own sake. We must get together and fight the politicians who would go over all this state next year and harangue our poverty-stricken and demoralized people into a frenzy. You can never reconstruct men or communities by first destroying them.

C. P. HODGES.

## CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists. B 35
